Dear Sir,

Sub: Request for Street lights, Water, and Garbage Service

Reference: DTCP APPROVAL NUMBER :
DTCP/P/0063088/2017.

Aroma Garden is a planned residential community within the civil administrative control of Irumbai panchayat. All plots here are DTCP approved. Residents have started to pay the required property tax since 2019. As the Community Association Manager I am coordinating the property tax collection and payment to the VAO at present.

Even after the DTCP approval of this community we have been paying electricity for the street lights spending our personal funds and recently we paid a huge sum to install the electric transformer for our community. Please kindly help our community with the following utilities and essential amenities:

- Installation and maintenance of street lights
- Water
- Garbage Collection

Thanking you.

Yours Faithfully,

N. Prakash
Prakash N. (Manager)
